(20 mins)	<b>Accessible, Large-Print, Listening &amp; Talking E-book (ALLT)</b> A. Attarwala, R. Baecker, and C. Munteanu
(20 mins)	<b>Need for Automatically Generated Narration</b> D. A. Evans and J. Reichenbach
16.15-17.15	Open discussion
17.15-17.30	Report back
17.30	Close

Example questions to consider during open discussion:

- The future of eBooks and reading in 5 or 10 years' time: the tragedy of eReaders?
- The relationship between online games and books: immersive experiences?
- Trusted sources and authoritative content: says who?
- Learning and social media: enabling or disruptive?
- Changes in reading habits: implications on theory and practice
- Interactivity, Fun, Engagement: a new reading experience?
- What to read next: exploring the social side of book selection
- Paper and electronic books: substituting or complementing each other
